- Had concerns regarding child support
- Worried about being a victim of identity theft
- Feared the security of your medical information

LegalShield was founded in 1972, with the mission to make equal justice under law a reality for all North Americans. The 3.5 million individuals enrolled as LegalShield members throughout the United States and Canada can talk to a lawyer on any personal legal matter, no matter how trivial or traumatic, all without worrying about high hourly costs. LegalShield has provided identity theft protection since 2003 with Kroll Advisory Solutions, the world's leading company in ID Theft consulting and restoration. We have safeguarded over 1 million members, provided more than 200,000 identity consultations, and helped restore nearly 10,000 individual identities.

## The LegalShield Membership Includes:

Covers member, spouse, children up to 26 never married living at home *or* full time in college and physically & mentally disabled children for life
